The diagram illustrates a sequence of events and actions. It features a central vertical timeline with six events labeled E1 through E6. To the left of each event is a box containing the event label and the action 'BYE'. To the right of each event is a box containing the name of the person involved in the action. The actions are connected by lines, indicating a sequence of events. The names of the people involved are also connected by lines, indicating a sequence of actions. The diagram is divided into three main sections by horizontal lines. The top section contains events E1 and E2. The middle section contains events E3 and E4. The bottom section contains events E5 and E6. The actions 'BYE' are repeated for each event. The names of the people involved are 'Rachel TAY' for E1 and E2, 'Anusha Raymond D/O RAYMOND I' for E3 and E4, and 'Anusha Raymond D/O RAYMOND I' for E5 and E6. The diagram is a complex flowchart showing the sequence of events and actions over time.

The diagram illustrates a bus system with three masters (G1, G2, G3) and one slave. G1 and G2 are connected to the bus via a multiplexer. G3 is connected directly. The slave is connected to the bus via a multiplexer. The diagram shows a sequence of events: G1 sends a 'BYE' signal, G2 sends a 'BYE' signal, G3 sends a 'BYE' signal, and the slave sends a 'BYE' signal. The bus is shown as a horizontal line with a vertical line branching off to the right.
